

## HANCOCK COUNTY, MISSISSIPPI, COUNTY OF BIG OPPORTUNITIES.

### Ford

THE UNIVERSAL CAR

The Ford Sedan, with electric starting and lighting system, demountable wheels with 3 1/2 inch tires all around, is the ideal family car because of its general utility and refined and comfortable equipment. Finely upholstered. Plate glass windows. An open car in the spring, summer, and early fall. A closed car in inclement weather and winter. Rain-proof, dust-proof. In the city or the country, a family car. The low cost of operation and maintenance is not the least of its charms. Won't you come in and look it over?

EDWARDS BROS.,  
Local Agents,  
Bay St. Louis, Miss.

## OFFICIAL PROCEEDINGS BOARD OF SUPERVISORS OF HANCOCK COUNTY FOR OCT.

Be it remembered that a regular meeting of the Board of Supervisors of Hancock County was begun and holden in said county on the first Monday of October, A. D. 1919, same being the time and place for holding said meeting, as fixed by law. There were present H. S. Weston, R. C. Smith, A. J. McLeod, Joseph L. Favre and J. B. Wheat; A. A. Kergesen, clerk of said board and J. W. Vainin, sheriff of said board.

## I am Sincere! Stop Calomel! I Guarantee Dodson's Liver Tone

Listen to me! Calomel sickens and you may lose a day's work. If bilious, constipated or headachy, read my guarantee.

Liven up your sluggish liver! Feel fine and cheerful! Make your work a pleasure! Be vigorous and full of action! But take no nasty, dangerous calomel, because it makes you sick and you may lose a day's work.

Calomel is mercury or quicksilver, which causes necrosis of the bones. Calomel crashes into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced, just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or dealer sells you a bottle of Dodson's Liver Tone for a few cents under my

personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning, because you will wake up feeling fine, your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not sicken. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.—Adv.

## Wraps Distinguished by Elegance

Whether as the result of more general prosperity or the better education in styles of the buying public, coats and other outer garments for the coming fall and winter are distinguished by unusual elegance. That is, the fabrics used for them are appropriate and beautiful, the lines on which they are cut are graceful and dignified, and they are not overtrimmed or freakish in any particular.

There are several new cloths, including many pile fabrics, used by the manufacturers of wraps. Each has its own name and it would be burdensome to undertake to memorize them all. But they are soft, with velvet or mink finish, resembling duvetyne and Bolvia cloth which have made themselves familiar. Besides these there are the wool-furs and fur fabrics that have become important among materials for wraps. All of them are soft and rich looking and of a texture that accommodates itself to the swinging lines of the present styles in wraps.

The short jacket, which has the effect of a cape, shown in the picture, is made of a taupe colored fur-fabric that resembles minkskin and is quite as warm and rich looking. The jacket sets closely to the figure and is belted in with a belt of the material that slips through slides at each side of the back and front. It fastens at the front, holding the garment snugly in place. To accomplish a graceful wrap the designer has set in shaped pieces instead of sleeves to give the cape-like effect and used a shawl collar, widened at the back to further his aims. He has turned out a charming and cozy wrap that is warm and durable, which can be bought at a price that is within reason for the woman of average means.

## Contributors to Success in Dress

Some clever and charming women, experienced globe trotters among them, insist that no one needs more than two suits, a good-looking frock or two, a separate skirt and a small collection of blouses to dress well enough for all most any occasion. They confide that successful dressing, with a meager outfit, depends upon choosing clothes very carefully to start with and on the possession of smart accessories to dress more than anything else.

A plain, beautifully fitted and faultlessly tailored street suit may be inconspicuous, but it becomes a backbone for small and exquisite accessories that lift the costume up to the plane of distinction. Odd vests, collars and cuffs of lace, chic shoes and bags, just the right collar or fur neck piece and most important of all, a hat that has the cachet of unusual style, lend a new air to what might be commonplace without them.

In the accompanying picture a collar and vest combination, with a shopping bag of ribbon and a hat to match the bag, challenge any suit to remain unnoticed in their company. The collar and vest are made of embroidered net in a lace edging, bordered with narrow, fine Val lace. Plain net is used as a foundation for this piece. Accessories of this kind make gifts that are sure of enthusiastic appreciation from one's friends. These, and collar and cuffs, made of durable lace, like chamois, Irish crochet and flax, are not to be missed when one is reckoning with a satisfactory outfit in mind.

The pretty shopping bag is one of those which entice us to linger at the ribbon counter. It is made of narrow, heavy satin ribbon in two shades sewed together in strips that alternate the colors. It is lined with plain satin and sewed to a metal mounting with handles made of the ribbon. The rows of ribbon are stitched together with corded edges overlapping, and the bag is bound with the darker shade. In the drawing of rich, national laces there are deep purple, reds and glowing rustington shades that will make wonderful bags of this kind. The hat to match has a brim and top crown of georgette crepe and the side crown bordered by two collars made of satin ribbon like that in the bag.

## PUBLIC ROADS

### TEST ROAD MATERIALS FREE

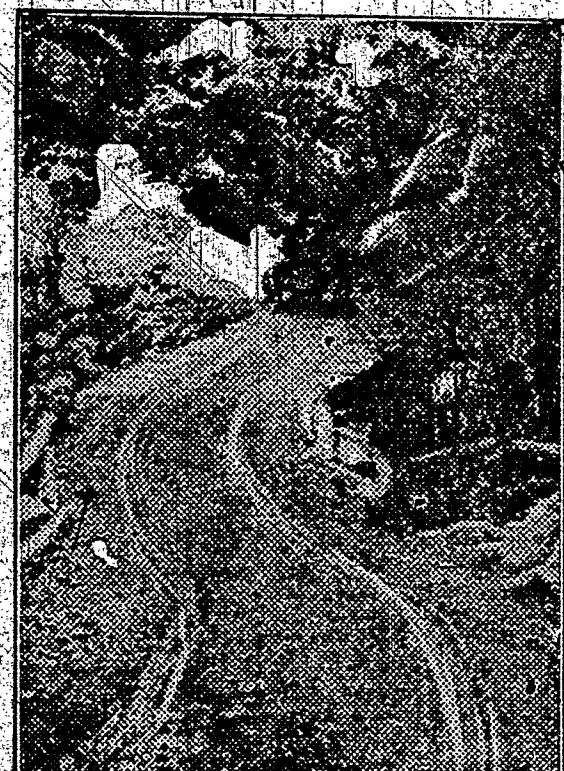

Machinery for New Laboratory Installed at Colorado Agricultural College.

(By O. V. ADAMS, Colorado Agricultural College, Fort Collins, Colo.)

The experiment station of the Colorado Agricultural college at Fort Collins has just completed the installation of the machinery for a new laboratory for the testing of road materials and is now fully equipped to make all the standard mechanical tests on rock, broken stone, slag, gravel, sand and top soil.

The laboratory has been installed for the purpose of aiding the people of the state in their road-building problems. No charge is made for the testing of any material; the sample must, however, be of sufficient size to enable complete investigations to be made.

The first systematic attempts to determine the value of rock for road building purposes by means of laboratory tests were made in France in 1878,

Stretch of Improved Road Between Cripple Creek and Canon City, Colo.

and the excellence of the French roads can no doubt be partly attributed to the selection of the best available materials for their construction.

In 1898 a road material testing laboratory was established by the Massachusetts highway commission, with the late Logan W. Page in charge. This work has developed until today there are many such laboratories throughout the United States, and road engineers are more and more coming to realize the value of such tests and to specify that material used in road construction shall measure up to certain established standard requirements.

### INJURY DONE TO GOOD ROADS

Autos and Motor Trucks Do More Harm Than Steel-Tired Vehicles on Account of Speed.

There is more damage done to the roads now by autos and motor trucks than steel-tired vehicles ever did, for the reason of greater speed of motor vehicles and their drivers have the same foot tracking habit the horse drivers always had. Dripping in the same tracks never damaged steel tires, but it is the destruction of the roads and rubber tires. The motor vehicle is worse for the roads than horse rigs on account of greater speed. The reason running in a track is damaging to rubber tires, is a sharp rock will be set in the side of the track with the sharpest corner out to nip a piece out of every tire, and sharp rocks cannot dodge or bounce out of the bottom of a track, but cut into the tires and break the fabric causing the so-called stone bruises and rim cuts, even on properly inflated tires.

### DOUBLED LIFE OF HIGHWAYS

French Engineers Find That Simple Surface Coatings of Tar Were of Much Benefit.

It had been the experience of the French engineers in building roads during war times that simple surface coatings of a tar preparation more than doubled the life of the road. This being true, it would seem advisable in the construction of all country roads, to cover the surface with some crushed rock or gravel, and then the heavy tar preparation, because the binding effect prevents the material from slipping to one side; it holds the material in place, and gives the road a hard surface covering that is not only lasting, but adds to the efficiency of the road.

### Good Roads a Necessity.

Good roads have become a necessity, not only on the public and main highways, but on the township lines as well.

### Road Building is Simple.

Road building is absurdly simple. Just two things are required—money and brains. And the more brains you use the less money you need.

### Permanency Essential.

It is essential that good roads have permanency.

### Farmers Lack Interest.

One reason no greater progress is made in road building and road maintenance is that many farmers are not anxious to have a part in road construction at all.

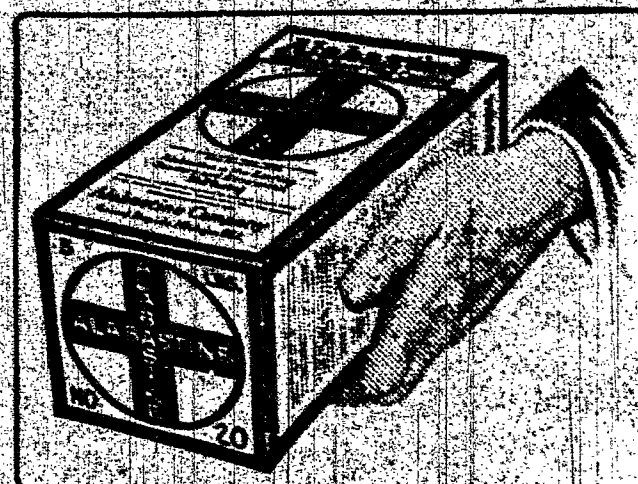

### Not Willing to Assist.

Most of us realize the importance of good roads and are pleased to get the benefits that all are willing to help in.

### Like Burning Money.

Some farmers burn money.

## The Nationally Accepted Wall Tint

### We Hand You the Package That Puts Health and Cheerfulness in Your Home

Smoked, grimy, papered, painted or kalsomined walls are a menace to health and offensive to the discriminating housewife.

Alabastine is so economical, so durable, so sanitary, so easy to mix and apply that it is universally used in setting proper wall conditions.

Alabastine is used in the homes, schools, churches and on all kinds of interior surfaces, whether plaster, wallboard, painted walls, or even over old wallpaper that is sold on the wall and not printed in shining colors.

Alabastine is packed in dry powder in full five pound packages, requiring only pure cold water to mix, with directions on each package. You will readily appreciate the economy of Alabastine over other methods, and remember it is used in the finest homes and public buildings everywhere. Be sure you get Alabastine, and if your dealer cannot or will not supply you, write direct for sample card and color design with name of nearest dealer.

New walls demand Alabastine, old walls appreciate Alabastine.

### BETTER FITTED FOR WORK

Testimony Shows That Service in the Army Has Made the Average Man More Efficient.

More Than He Could Stand.

A naval aviation cadet at Miami, Fla., was assigned to a seaplane with orders to stay in the air for an hour.

After a flight of 30 minutes, the cadet landed and taxied onto the beach.

The division commander, with fire in his eye, descended upon the luckless student. "What's the matter with you?" he demanded. "I told you to stay out an hour. You've only been gone half the time."

"Really, sir," replied the student, "the air is awful rough. I never saw anything like it! Why, I looked up the road toward Miami, and it was full of blackbirds walking into town!"

Bright Colors.

The new baby was still very tiny and very red. Six-year-old James did not like it—nor did he make any pretense of liking his dislike. So when his eighteen-year-old auntie came out to see it and rejoiced over its coming, it had his father and mother, his disgust. "Yes, still more pronounced."

Another called auntie's attention to it. "If James doesn't want the baby, why don't you sell it to me?" began auntie.

"Or we might sell you James," offered father. "You see mother and I like baby ourselves."

"She wouldn't want me," interrupted James stolidly. "She said she wouldn't get anything unless it was bright colored."

In trying to kill time, women of uncertain years use a lot of powder.

Broken. Yes, but speak lower, some agree, service may many weaken, you

## Give The Folks The Original POSTUM CEREAL

for their table drink. That will dispose of those coffee troubles which frequently show in headache, irritability, indigestion and sleeplessness.

**"There's a Reason" At Grocers.**

Two sizes, usually sold at 15c and 25c

**The Between-Seasons Frock.**  
It is not at all a safe plan to go into the matter of the fall wardrobe too early, leaving only the tag ends of the summer wardrobe for the few warm weeks. The material that answers best for the between-seasons frock, whether that period is the brief one between spring and summer, or the longer one between fall and winter, is a material that is not too heavy, not too light, not too warm, not too cool, but just what is needed for the in-between season.

**That Touch of Color.**  
As a note of color for hat or skirt, a cluster of nasturtiums in rust red or flaming orange is the choice of the Parisienne. This simple garden flower, perfectly imitated, is the chosen companion for simple linen or voile frocks. With white muslin dresses the nasturtium is a little bunch of deep orange or rust tucked away in the folds of the skirt, or a single flower pinned to the bodice.

**Farmers Lack Interest.**  
One reason no greater progress is made in road building and road maintenance is that many farmers are not anxious to have a part in road construction at all.

**Not Willing to Assist.**  
Most of us realize the importance of good roads and are pleased to get the benefits that all are willing to help in.

**Like Burning Money.**  
Some farmers burn money.

# Sea Coast Echo

Official Journal of Hancock County, Miss.  
Official Journal of Bay St. Louis, Miss.  
PUBLISHED WEEKLY  
GEO. C. MORRIS, Editor and Pub.

## CITY ECHOES.

Mrs. C. deM. Benedic is visiting friends in New Orleans this week.

County Assessor P. C. Bordages, Sr., left Thursday morning for San Antonio, Texas, where he will spend two weeks visiting his son.

Mrs. L. M. Gex and family are domiciled in their new home on the bay drive, handsome dwelling recently purchased from Mrs. Lou Trawick.

The ladies of "Ye Teacup Inn" wish to thank the public for their patronage and co-operation. A continuance of the same will be appreciated.

Mrs. A. U. Gragnon and family and Mr. and Mrs. E. E. Lucas and family have taken active possession of their new home, the Henry villa, on the beach front.

Sheriff J. W. Vainin returned from Jackson Thursday here he attended the convention of Mississippi Sheriffs Association, in which body he is widely known and has many friends.

The list of baby prize winners at the Hancock County Fair will appear in next week's issue of The Echo. Lack of room prevents publication this week.

Mr. H. S. Renshaw and Mr. Jos. O. Maufrey have joined the colony of new automobile owners—Mr. Renshaw receiving his Oakland six and Mr. Maufrey his Buick.

Mr. Terrell Perkins is spending a while at Nashville, Tenn., where he is registered at the Hermitage. He attended the wedding of his friend, Mr. C. C. McDonald, which took place in that city Thursday.

Miss M. V. Mangum and Miss Addie Karpicker of New Orleans were visitors here Sunday at the home of Mr. and Mrs. P. J. McGinn, and were guests of Miss Ann McGinn.

While here they visited their relative, Miss Dolores Pritchard, a pupil at St. Joseph's Academy.

Mr. Ira Colley, formerly of Lake Shore, Miss., and Miss Gussie von Ertre, formerly of St. Louis, Mo., were quietly married at the home of the bride's parents in St. Charles street, Wednesday night.

Rev. Father Gmelch, pastor of the church of Our Lady of the Gulf, performing the ceremony. The bride couple left the same night for Chicago, where they will spend a while before returning home. They were followed by the good wishes of a host of friends.

At a recent election the following names were elected officers to serve for the Bay St. Louis Macabees, Tert No. 67: G. E. Temple, P. C.; R. C. Engman, Com.; E. V. Bourgeois, 1st Master; Fred E. Bayard, R. K.; Ferd. Ramond, master of arms; Hy. Johnston, Sgt.; Octave Bayard, 1st Master of Guards; Fred Cholina, 2nd Master of Guards; Elliott Payne, Sentinel; Victor Bayre, Picket.

Trustees—G. E. Temple, Geo. Wancore, Charles Strong. The local tent is in a flourishing condition, and much of its success is due to activities of the officers and members.

On November 11th, the Macabees will give a grand ball, an event that is looked forward to with eagerness and anticipation.

Miss Edwige J. Sauter, a native of Bay St. Louis, died at the family home in Main street, Thursday at 12 o'clock, M., October 9, 1919; interment took place the following morning at Cedar Rest cemetery, with the ceremony of the Catholic church, of which the deceased was a devout member.

Miss Sauter, who had long been ill, and although every effort possible known to human skill and tenderness had been exerted in her behalf, it was known she could not survive, and her death was not wholly unexpected.

Miss Edwige, as she was affectionately called by all, was the youngest daughter of a family who knew this lovely young woman was the possessor of many sterling attributes and her demise has brought sorrow to all who knew her. She was a sister of Mrs. Lydia Eagan and W. E. Sauter, and also to Mrs. Vickie Brath Chigot.

Miss Sauter has a brother, step-father, (the only father she had known), The Echo extends its utmost sympathy.

Sheriff Vainin Makes Important Capture.

Last night at about 8:30 o'clock, Sheriff J. W. Vainin made an important arrest, when he captured Sid Reilly, a young colored man badly wanted in St. Tammany Parish, La., for the alleged murder of his wife, the occurrence taking place at Alton, on the night of Tuesday, October 7th. Reilly escaped. Every effort, including the use of bloodhounds, proved in vain.

Sheriff Vainin was informed of the escape. Last night we went down to the depot to meet train No. 1, saw him and arrested him. The man confessed on the spot, and was lodged in the Hancock county jail for safekeeping awaiting the arrival of the Louisiana authorities.

Sheriff Vainin says: "I was on Front street, when I saw No. 1 crossing the bridge. I felt my man might be here and would board that train in an effort to escape, and I drove right up to him seemingly guarded by some unknown force besides that consciousness of doing my duty."

It was quite a "catch" and the sheriff feels justly gratified at his success in apprehending one so badly wanted by the authorities.

Thomas B. Hale Appointed Bond Commissioner.

At a regular meeting of the Board of Mayor and Aldermen held Saturday, Mr. Thomas B. Hale was appointed by Mayor R. W. Webb a member of the Bay St. Louis Board of Bond Commissioners, the city council confirming the appointment.

The Echo knows of no better section. Mayor Webb has again displayed a spirit of wisdom that will mean much for the benefit of the city. It is an excellent appointment.

Mr. Hale is a gentleman of the highest integrity and the city will be fortunate in possessing the services of one so capable. He is well known in business affairs and for many years was vice-president of the Gulf & Ship Island Bank.

## OFFICIAL MINUTES OF BOARD OF MAYOR AND ALDERMEN-OCT.

State of Mississippi, Hancock County, City of Bay St. Louis.

A regular meeting of the Mayor and Board of Aldermen was held at the City Hall on Saturday, the 4th day of October, 1919, at 8:30 o'clock, P. M.

There were present: Mayor R. W. Webb, Aldermen W. H. Starr, R. C. Blaise, Louis Schwall, A. Jones, City Marshal, S. J. Ladner, Secretary.

Absent: Alderman L. L. Carver. The minutes of the previous meeting were read and approved.

The reports of the various officers were read, investigated, found correct and approved.

The financial report was ordered spread on its minutes.

Moved by Alderman Starr, seconded by Alderman Starr, and carried, requesting the board of Bond Commissioners to meet the City Board at City Hall on October 31, at 7 o'clock P. M. in joint session.

Mayor R. W. Webb appointed B. H. Hale a member of the Board of Bond Commissioners to fill the vacancy caused by the resignation of A. L. Stokoe. Same being ratified by the board.

Moved by Alderman Blaise, seconded by Alderman Starr, and carried, that the Tax Collector be and is hereby authorized to accept fifteen per cent, of the total assessments of all property for the sea wall, taxes and filling of the parties, included in the suit of Mrs. R. J. Williams vs. City of Bay St. Louis.

He is ordered and directed to place Two Hundred and Fifty Dollars thereof in the City Fund and the balance of all assessment collected into the Sinking Bond Fund.

**DARON-AUSTIN.**  
A wedding of local interest occurred in Waveland, Miss., Sunday evening at 7 o'clock at the church of St. Claire, when Mr. Lee B. Daron of Bay St. Louis, and Miss Frances Austin of New Orleans were united in the holy bonds of matrimony.

The bride is the accomplished and attractive young daughter of Mr. and Mrs. Frank Austin, of New Orleans, while the groom is a son of Mr. and Mrs. J. J. Daron, of Lucy, La.
